TERMS AND CONDITIONS OF SALE

CREDIT CARDS: VISA, MasterCard, Discover, and American Express cards are accepted. Payment with credit card will be accepted at the time of sale. Credit card payments after date of invoice will be accepted for a 2% convenience fee. For all credit/debit card purchases, Marco Awards Group requires a pre-authorization from the card issuer prior to fulfilling your order. This is a temporary hold that assures that credit is available on your card before we fulfill your order. This pre-authorized amount is approved by the card issuer and includes an additional amount to cover estimated freight charges. After fulfillment when your order is invoiced, Marco Awards Group immediately sends a "completion transaction" message to the card issuer with the final invoice amount. At this time, it is the responsibility of the card issuer to remove any additional pre-authorization amount promptly. Please contact your card issuer if you have questions or concerns.

OPEN TERMS: Interest will be charged at a rate of 1.5% per month (18% per annum) on accounts past due. Accounts that have aged to 60+ days old (30 days past due) will be shipped on credit card terms. All shipments are F.O.B. our warehouses. Any account that issues an NSF check will be placed on credit card terms and will be required to pay a $30.00 NSF check charge.

MINIMUM BILLING: A $20.00 minimum order is required for all shipments except on filling backorders. All orders under $20.00 are subject to a $2.50 charge.

BACKORDERS: All backorders will be shipped as merchandise is available unless previously cancelled by customer.

CLAIMS: All claims must be made within 10 days of receipt of goods. Deductions from remittance will not be allowed unless authorized by us in writing. All claims for merchandise lost or damaged in transit must be made to the transportation company. Our liability ceases after we have the carrier's receipt for material in good order. If you receive a shipment in damaged condition, have the damage noted by driver. Notify us and your local terminal that you have received damaged merchandise. If your shipment came by truck please count and inspect the packages BEFORE signing the freight bill. Any damage or shortage must be noted on the driver's freight bill in order to file a claim. (NOTE: Please leave all damaged products in the original packaging as the carrier must inspect the package in the condition in which it arrived.)

RETURNS: No merchandise will be accepted for return without prior written authorization from us. Once a return authorization number has been issued to you, it is valid for 10 days only. Any returns not processed within the 10 day period will not be accepted for return and credit. Products must be returned in saleable condition including all original factory packaging in "brand-new" condition. Return of customer error stock merchandise is subject to a 20% restocking charge.
Custom and cut merchandise is non-returnable. All requests for return goods must be received within 10 days of original purchase. If any items are returned from an order qualifying for free freight, the original outbound freight charges for that delivery will be deducted from the credit total.

REFUSALS: In the event that you refuse delivery of a shipment you will be liable for the shipping charges plus a 20% restocking fee. This balance must be paid before regular shipments can resume. Credit card customers please note that any outstanding charges from a refused shipment will be automatically included with your next order. SHIPPING: All orders will be shipped by Common Carrier or truck at our discretion unless otherwise specified. Should shipping by any postal service be required there will be a $10.00 surcharge added to the bill to cover delivery to the Post Office.

ADD-ONS & CANCELLATIONS: Please note that we can only update, add-on or cancel orders within: 30 minutes of original placement as conditions allow. Any requests made after 30 minutes either may not be possible or will incur the standard 20% restocking fee.

FREIGHT POLICY: We are always negotiating better freight rates and transit times from our regular approved carriers. If you have a preferred carrier other than our choice, including USPS, you will be expected to assume full cost and responsibility for your shipment from the time it leaves our dock. Truck shipments can be sent prepaid, and will be billed to your account an additional $10 fee. Any charges for additional services such as residential deliveries, inside delivery, lift gate service, or any other special charges are not included in our Free Freight policy and are the responsibility of the customer. Marco Awards Group does not use 3rd party UPS or other freight accounts. Certain orders for discontinued products may not be eligible for the free freight offer.

CA PROPOSITION 65: Proposition 65 requires clear and reasonable warning to CA consumers for all products that contain chemicals listed at www.p65warnings.ca.gov. Affected items, with designated chemicals and associated health risks, are noted on our website.

DESIGN FEATURES

- A divided work space allows positioning of ruler at top, center or bottom of work table thereby extending blade life and ease in shearing.
- Twin plastic shields insure operator safety.
- The steel ruler, with inch and centimeter scales, lies flat and has good wear quality
- Curved upper "Power Blades" and a long lever arm generate AWESOME shear power.
- NO MORE ECCENTRICS. The lower blade is adjusted for wear using vibration proof set screws installed in-line behind the lower blade.
- A foam rubber grip is provided for operator comfort.
- The rear "dropoff" gauge is movable and designed to be used with the tapped holes which divide the work surface.

DC16
DIGITAL GEO KNIGHT COMBO 14" X 16"
SWING AWAY HEAT PRESS
"THE DIGITAL COMBO"

The "Digital Combo" multipurpose swing away heat press comes standard with a 14" x 16" heat platen and lower table. The interchangeability of the "Digital Combo" is performed quickly and safely. If your product offering is going to reach beyond just flat and fabric items the "Digital Combo" is the superior heat press machinery solution. The "Digital Combo" press allows for over 2" thick products. The "Digital Combo" utilizes quick-change attachments for heat transferring images onto a surprisingly wide variety of materials. Available for this one press is every attachment necessary to professionally imprint- INCLUDING MUGS, PLATES AND CAPS.

DIGITAL COMBO PRESS ATTACHMENTS

The *DCPLATE, DCCAP* and *DCMUGFULL* are all attachments that can transform the D C16 into a Mug Press, Plate Press or Cap Press using these attachments. All three attachments are quickly interchangeable.

Weight: 135 lbs
Electrical: 1500W / 12A / 120V
Dimensions: 22"W x 22"D x 22"H

DCMUGFULL - Full-Wrap Mug Attachment

The full wrap mug attachment for the Digital Combo uses the same exact super-robust heater band & pressure adjustment as the DK3. All standard cylindrical sublimatable items can be pressed on the Full Wrap Mug Attachment as are done on the DK3. The Digital Combo press controls the temperature and serves as a timer for this instant plug-in attachment

DCPLATE - Plate Attachment

The plate die platens feature quickly inter-changeable components for allowing the circular heating element to press inside ceramic plates. Also included is a template tray and pad for centering the plate.

DCCAP - Cap Attachment

Caps are flawlessly printed with a curved heater block and curved bottom form with a special cap stretching device. Optional interchangeable bottom forms available.

ALL GEO KNIGHT HEAT PRESSES ARE DROP SHIP ONLY FROM MASSACHUSETTS. ALL GEO KNIGHT HEAT PRESS ARE NOT INCLUDED IN THE MARCO FREE FREIGHT PROGRAM. MADE IN THE USA

DK3
Mug Press
The DK3 Digital Mug Press is a full wrap-around, handle to handle, top-to-bottom print mug press. It can press images up to 5" high and as close as ½" to ¾" from the handle, depending upon the mug size. The DK3 accommodates all mugs on the market and is built with solid steel framework and die-cast heavy pressure clamp assembly. This press has an unprecedented 3 year warranty on the heat-control electronics. This press also includes the SuperCoil-Microwinding ™ heater technology.

Dimensions: 15"W x 13"H x 15"L

DK3D
Digital Knight Double-Wide Mug Press
The DK3D has all the feature of the DK3 but with a 10" heater. This press is a full wrap-around, handle to handle, and presses images up to 10" high. The DK3D is fully adjustable, accommodating all cylindrical mugs available on the market, including 11oz, 15oz and 16oz mugs.

Weight: 40 Lbs
Electrical: 900W / 8A / 120V
Dimensions: 20"W x 13"H x 15"L

DK14S
12" X 14" SWING AWAY
This premium yet economical, compact portable table-top design includes automatic timer and lightweight. The DK14S accomodates materials uo to 2" thick. And has a fully digital temperature contorller, solid steel framework and teflon coated 1/4" thick platen.

Weight: 76 lbs
Electrical: 1200W / 10A / 110V
Dimensions: 20"W x 24"D x 21"H

DK20SP
16" X 20" DIGITAL KNIGHT AIR AUTOMATIC
The DIGITAL KNIGHT DK20SP is an air-operated, automatic 16 x 20 swing-away heat press with a state-of-the-art control system and heavy-duty solid steel welded framework. The same SuperCoil-Microwinding™ heater technology provides extremely even heat, fast recovery and fast heat up times.

DK16 14" X 16" CLAMSHELL PRESS
DK20 16" X 20" CLAMSHELL PRESS
DK20A 16" X 20" AUTO RELEASE pop-up version of DK20 with "HOVER" lid feature

The Geo KNIGHT line of Clamshell presses boasts the heaviest pressure any clamshell can apply, using heavy steel welded structures, while maintaining excellent low-weight portability. These presses open much wider and lift up far away from the read of the pasd, staying away from user hands. The extra long and wide handle and smooth gas shock lift make for the easiest and safest clamshell to operate in the market.

HOW TO SELECT CUTTING WIDTH

The width of the cut is directly related to the height of the engraved character.
For example, a 1/4" high engraved single line letter will require a .030" tip.
This chart is a useful guide to help you select cutter tip widths for various letter heights.
When ordering, remember to specify tip size and width of cutter shank.

DuraBlack® is CO^2 laser markable aluminum for durable, on-demand marking for harsh operating environments. In side-by-side tests, DuraBlack outperforms black anodized aluminum and laser markable acrylic tape in select applications. DuraBlack is resistant to sunlight (UV-radiation), abrasion, high-temperatures and chemical exposure. Because of its ability to perform across a range of challenging environments, DuraBlack meets several government, industrial and military specifications including MIL-STD 130N, A-A-50271 (H"MIL-P-514D) and MIL-STD-15024F, Type L.

Composed of a multi-level coating available upon 0.0053 or 0.0203 thick aluminum, DuraBlack can be attached to either curved or flat surfaces with adhesive, rivets or screws. It is imaged with any CO_2 marking laser to produce a durable, high-resolution barcode or human-readable image.
